

Swanwick Hall School and ourselves have been communicating with each other regarding Year 6 Transition for September 2020. We know that both children and parents have had some questions and concerns due to COVID-19. Please see the following plans that Swanwick Hall School have put forward to support a smooth transition:

- Swanwick Hall School has sent out a welcome letter from the Head teacher
- The transition part of Swanwick Hall School's website is being updated regularly for new Year 7 pupils
- Swanwick Hall will be sending out a pack shortly with information regarding equipment, uniform, the school timetable etc.
- Children will be able to have access to a virtual tour of the school and be introduced to key people before they start Swanwick Hall School - more information from Swanwick Hall School to follow and see transition part of the website.
- Families will be offered the chance for a 1-1 chat with the head of year if they have any more questions once they have received all the information.

We recognise that this is a challenging time and we will continue to do all we can to support you all.

Year 6 Team
